**Resolution supporting Gender Neutral Bathrooms on
California Community College Campuses**

Whereas, there is a higher potential for transgender, gender variant and gender non-conforming individuals to be victims of hate crimes, including harassment, physical assault and threats, which can be fatal; and

Whereas, multiple college campuses and other public accommodations throughout the United States have installed gender neutral bathrooms on their facilities to the benefit of all people, including transgender people, parents with opposite gender children and disabled individuals with attendants; and

Whereas, since gender neutral bathrooms can be used by everyone, gender neutral bathrooms would involve nominal additional cost or inconvenience to install.

Be it resolved that Stonewall Young Democrats request that the California Community College Board of Trustees include a gender neutral bathroom in every building of a new construction, including significant building renovations and remodels, of a California Community College campus.
